

GREEN PROGRAM RULES EFFECTIVE JANUARY 1, 2008

The purpose of the Green Program is to provide beginning riders the opportunity to become acquainted with the basic reined cow horse skills in a competitive, yet non-threatening environment. There are no restrictions placed upon horse ownership, breed, age or training level. Horses must be shown in a NRCHA or NRHA approved headgear. Headstall, bits, reins, curb strap etc. Also a snaffle bit will be allowed with no age limit. Once the Program has been completed, riders and horses should have developed the skills necessary to be a competent NRCHA exhibitor.

Exhibitors in the Green Program pay an entry fee and are scored based upon the execution of maneuvers as sanctioned by the NRCHA and as modified below. Points towards graduation from the program are accrued by subtracting 120 from the total score (Reined Work & Cow Work) of each class the rider shows in. Points begin accruing with entry in their first show.

The Green Rider has two levels - Green I or II. Each level increases in complexity and builds upon the skills practiced each time the rider enters the pen. Accumulation of 100 points in Green I, automatically moves rider on from Green I to Green II. Accumulation of 200 points in Green Rider Class (Level I and II Boxing Only) earns the rider an Ohio RCHA Green Buckle. In order to be eligible for the buckle, rider must be a member of Ohio RCHA and 100% of the points must be from the Green Program. Non-Pro's may only earn (1) buckle in the Green Program.

Points accrue from all classes shown at Ohio RCHA approved shows. Entrants may continue to show in their class for the remainder of the year in which they earn enough points to move to the next level or graduate out. Points will not be counted once the rider has achieved the break point. (100 for Green I, 200 for Green II)
