

***Sponsor the ORCHA!***

The Ohio Reined Cow Horse Association is off to a strong start! Our last show was the **largest cow horse dedicated weekend show east of the Mississippi in 2009!**

Founded in 2008, The Ohio Reined Cow Horse Association is a proud affiliate of the National Reined Cow Horse Association. The ORCHA is run by a volunteer Board of Directors. Our shows run mostly on volunteer help. (We say "mostly" because no one ever *volunteers* to work the cow pens!) Sponsorship dollars go to Added Money for shows, special prizes for shows, random draw prizes, Green Program Buckles and Year End awards.

### **More About the ORCHA**

#### **Big payouts for weekend events**

The Ohio Reined Cow Horse Association paid out \$24,965 in the 5 weekend events held between March and August 2009. And we still have the big horse show left for this year; The Derby Weekend to be held November 6-8 has over \$7,000 Added in cash and prizes! Not bad for our first one!

#### **The future is strong**

We have a plan to have BIG shows. Our Venue, Henderson's Arena, has a huge 150 x 300 indoor pen with amazing footing and bleachers for our fans. The facility also features a covered warm up pen, several outdoor pens and 266 stalls. We have plenty of room to grow! We are planning on holding a Bridle Spectacular in 2010 and increase the Added Money to our annual derby.

#### **Strong plan in place to GROW the sport!**

Don't forget the new competitors! They are our future! We have a plan to bring in new competitors and grow the association and the sport. Our green program has 50 participants. We should graduate our first Green rider during our November event. We also feature lower priced affiliate classes to mirror the NRCHA classes so competitors can try it out, SUCCEED, and get comfortable before stepping up to NRCHA competition. We also offer "continuing Education" in the form of clinics! For example, Mark Matson of California (NRCHA earner of almost \$100k) is joining us in November to put on 2 different clinics.

Come join us in the fun!
